

THE VERNON RECORD

VOLUME NO. 11

VERNON, WILBARGER COUNTY, TEXAS, NOV. 1, 1918.

NUMBER 83

PLANNING TO RAISE \$15,000 WAR WORK FUND IN ONE HOUR

Wilbarger County Expected to Contribute \$15,000 Y. M. C. A., Y. W. C. A., War Camp Community Service, National Catholic War Council Salvation and Other Organizations.

Wilbarger county is expected to contribute \$15,000 to the United War Fund. This is the local quota of \$170,500,000 to be raised in the United States for welfare work among soldiers and sailors.

Seven organizations, recognized by the War Department for welfare work, will participate in the fund. The seven organizations, together with the portion of the fund to be allotted to each, follow:

Young Men's Christian Association, \$100,000,000; Young Women's Christian Association, \$15,000,000; War Camp Community Service, \$15,000,000; American Library Association, \$3,500,000; National Catholic War Council, \$30,000,000; Jewish Welfare Board, \$3,500,000; Salvation Army, \$3,500,000. The plan followed in the past has been for each organization to conduct separate campaigns for funds, but at the request of President Wilson all have been combined in one campaign and the money to be raised will be divided among the organizations in proportion to the amount of work done by each. This economizes in time and reduces the number of calls to be made on the people for funds.

The campaign is to officially open Monday, November 11th, and last a week.

Local Campaign Planned.
The campaign in Wilbarger county is being planned with a view of raising the county quota the first day. All persons will be asked to remain in their homes or their places of business between 10 and 11 o'clock Monday, November 11th. Committees will canvass in every town in the county during this hour. The amounts to be asked from each person will be communicated from headquarters before that time and the donor is asked to have his check ready when the committee calls.

Committees of women will canvass in the residence district in Vernon. Every man, woman and child will be asked to give. Organizations have been perfected among the women, boys and girls and these will assist in informing the people of the purposes of the campaign and to have them prepared to give when the committees call.

Speakers will present the claims of the welfare work at every meeting of every kind, and pastors of the various churches have been asked to preach sermons on the work of the welfare organizations. The speaking campaign will begin tonight when speakers will be at local picture shows. Every church congregation in the county will be addressed on the subject next Sunday and the Sunday following.

LOTS OF RAIN IN FRANCE.

Robert C. Messick Writes Parents Since Transfer From Panther to Rainbow Division.

"We have had lots of rain," writes Robert C. Messick from France to his parents, Mr. and Mrs. J. R. Messick of Oklahoma. Robert is a member of Company M, 168th Infantry, and is with the famous "Rainbow" Division. He was trained at Camp Bowie and went overseas as a member of the "Panther" Division.

The Oklahoma boy didn't get a scratch in the recent terrific fighting at the front. His parents are considerably worried since, according to newspaper reports, the "Rainbow" Division is at the front again.

STATE TICKET HAS 3 PARTY NOMINEES FOR VOTE TUESDAY

Persons Who Do Not Wish to Vote Democratic, Republican or Socialist Ticket May Write Names on Ballot—Representation in Conventions Depends on Number Casting Ballot.

Three parties have nominees for State officers to be chosen at the election next Tuesday. They are the Democratic, Republican and Socialist parties. The Independent party has no nominees, but its column is given on the ticket, so that if one wishes to vote he may write in the name, or if he wishes to vote—not on the Independent ticket—there is a blank column for that.

The nominees of the Democratic, Republican and Socialist parties are in the order named: for United States Senator—Morris Sheppard, J. Webster Flanagan, M. A. Smith; for Governor—W. P. Hobby, Charles A. Boynton, Wm. D. Simpson; for Lieutenant Governor—W. A. Johnson, John C. Scott, T. L. Hurlburt; for Comptroller of Public Accounts—H. B. Terrell, W. G. McLain, John B. Yarbrough; for State Treasurer—John W. Baker, J. Allen Myer, H. J. Bumble; for Commissioner of General Land Office—J. T. Robinson, J. L. Hickson, Monroe Jones; for Attorney General—C. M. Cureton, U. S. Goen, J. E. Green; for State Superintendent of Public Instruction—Annie Webb Blanton, Mrs. Ralph W. Sellers, S. J. Bronson; for Commissioner of Agriculture—Fred W. Davis, D. H. Merrill; for Railroad Commissioner—Clarence E. Gilmore, George W. L. Smith, J. W. Lawless; for Chief Justice Supreme Court—Nelson Phillips, G. N. Harrison; for Associate Justice (four years)—T. B. Greenwood, C. O. Harris; for Judge, Court of Criminal Appeals—O. S. Lattimore, Harry M. Wurzbach.

S. P. Huff of Amarillo is candidate for Chief Justice of Court of Civil Appeals, Seventh Supreme Judicial District. Lucian W. Parrish is candidate for Congress from the Thirteenth District.

Thirty-five hundred ballots have been printed and are being sent to the various election boxes. Women will not vote, their right being only to participate in the primary elections. Party leaders are anxious that a representative vote be polled, since representation in county, district, and state conventions is based upon the party vote for governor.

Election judges are as follows: Precinct No. 1, A. M. Hiatt, T. P. Lisman, Jr., C. A. Allingham and J. E. Lutz; No. 2, Minor Havis, J. B. Morris, L. C. Eakle and U. S. Davis; No. 3, J. F. Stark, J. M. King, Henry Starnes, and Ira Skinner; No. 4, J. L. Showers, Oscar Wilson, S. G. Little and R. P. Burgess; No. 5, Dave Melton, Albert Stone; No. 6, Elmer Schaub and Henderson Wilkinson; No. 7, S. C. Davenport, Matt Swinburn, Jake Schmoker, and Will McKee; No. 8, O. K. Hafer, C. Schoppa, P. H. Blankenship and Verna Weekley; No. 9, S. L. Page, J. S. Archer, J. W. Dockery, and T. E. Brook; No. 10, J. M. Collins, J. R. Huie, Early Beach and C. W. Stults; No. 11, C. F. Dean and Sam Cannon; No. 12, John Allison and Claude Muller; No. 13, L. A. Huddleston, Oscar Haney; No. 14, Geo. Trisler and J. T. Barbarick; No. 15, H. E. Key, E. Collier, W. H. Beavers and Jesse Mason; No. 16, Edgar Kirk and Jim Boaz; No. 17, S. E. Swin and Cleve Randel.

Expects Good Yield of Cotton.

N. B. Hodge, superintendent of the Inter-State Compress Company, made a trip of inspection over Wilbarger county this week, and as a result he makes the statement that if frost does not come for a fortnight farmers will have more cotton in Wilbarger county than they made last year. Mr. Hodge says it is almost unbelievable how things are growing since rains started this month.

Mrs. Dan Witty and little daughter, Martha, of Galveston are visiting at the home of the former's mother, Mrs. E. L. Witty, who is ill.

Knox Kinard in France.

Professor W. G. Shipp, principal of the local High School, is in receipt of advice that Knox Kinard has arrived safely overseas. Mr. Kinard was principal of the Central School in Vernon last year. He trained at Camp Cody, Demming, N. M.

OKLAUNION YOUTH IN GERMAN DUGOUT

WALTER KIRK WRITES MOTHER OF ROOMS THIRTY OR FORTY FEET UNDERGROUND.

Mrs. S. K. Kirk of Oklahoma is in receipt of a letter from her son, Walter, who is a member of Company D, 315th Engineers in France. It was written in a German dugout which Walter says is thirty or forty feet underground. The letter says, in part:

"Would have written sooner, but the water has been entirely too hot. Don't suppose the censor would let it go by if I was to say what front I am on; but we have been up here several days, and are expecting to get relieved at any time. Surely will be glad, for most of the boys are worn out.

"One morning a cook and myself were getting breakfast, when Fritz sent over a hull that didn't miss us far. I was frying bacon and it threw dirt, rocks, and scrap all over us and in my pan; so we left it with Fritz until he got through. In a little while we went back to the cook shack. The bacon was a bit brown, but the boys are so glad to get anything on such an occasion that no one complained about meat being well done. Of course, one of Uncle Sam's boys who at all times is standing at the throttle to send Fritz our best regards, began sending him a few shots, and Fritz soon hushed up.

"Well, I am somewhere in a nice little room thirty or forty feet underground. I am doing two kinds of scratching. My left hand is employed to keep the 'coolies' from staying too long in one place, while my other hand is writing. The boches sure must have a fine breed of 'coolies' for they are most large enough to stand flat-footed and slap a turkey in the face. Now, if they are little some bug, I don't know! "These little underground homes, up to a short time ago were the home of the Boche. We sure are thankful to Kaiser Bill and his crowd for building them so strong and deep and then letting us have them. The only thing they should have done was take their 'coolies' with them.

"We are doing fine."

FARGO GIRL COLLEGE OFFICER.

Miss Anna Bell May Acting Registrar at University of Texas in Absence of E. J. Matthews.

Miss Anna Bell May, daughter of Mr. and Mrs. D. W. May of Fargo, has been made Acting-Registrar of the University of Texas. The appointment came as a result of the absence of E. J. Matthews, who is one of the inspectors of the Students Army Training Corps. This work will require most of his time as long as it continues.

Miss May has been an assistant of Mr. Matthews for some time. She is a graduate of the University.

Candidate for Senate Here.

Colonel John J. Harrington of Houston, independent candidate for United States Senator against Morris Sheppard was in Vernon yesterday en route to Amarillo. Colonel Harrington thinks he will certainly be elected next Tuesday.

SEVEN JOIN MOTOR TRANSPORT CORPS

GOVERNMENT SAYS THIS IS ONE OF BEST BRANCHES TO GET OVERSEAS.

Seven men from Wilbarger county have answered the call for recruits in the motor transport corps at Fort Sam Houston. They are M. B. Rhoads, A. S. Ladd, Allen Ragdale, W. B. Gilbert, Joseph Ernest Henry and A. C. Craig. The local Exemption Board has been advised that 20,000 men are to be raised out of the Southwestern District.

In a letter from the Quartermaster Mechanical Repair Shop at Fort Sam Houston, the local Exemption Board is advised that the motor transport corps offers a most attractive opportunity to men to see overseas service, and enroll in the occupations for which their past training has rendered them best fitted.

The service of competent mechanics who have qualified as such in civilian life in any of the following vocations are needed: Accountant, general office clerk, storekeeper, and storekeepers. Chauffeurs are also needed for driving Fords are other light cars.

ANGIE LEE PARR BITTEN BY HORSE

Little Angie Lee Parr was severely bitten Wednesday by a horse which she was feeding stalks of cane. The child is only two years old, and while her wound is painful, it is not thought it will prove serious.

Angie Lee is a daughter of Tax Collector R. V. Parr. Mr. Parr says she is very fond of horses, and frequently goes to the lot to feed this animal, which is as gentle as can be. He does not understand how the horse came to bite her.

The animal's teeth caught below the eye, and underneath the little girl's jaw, leaving an ugly cut on the jaw. At this time she is doing nicely.

HOBBY URGES GOOD CITIZENS TO VOTE

GOVERNOR SAYS FORCES OF EVIL ARE AT WORK ALL THE TIME

Governor W. P. Hobby urges good citizens to vote. Tuesday. He feels it is important that the victory won by good government forces in the primaries be followed up the general election. Concerning this matter Governor Hobby has addressed the following letter to Dr. J. E. Dodson:

"In order that the victory won by us in the primaries may be pronounced at the general election, I urge upon you the importance of taking some steps to the end of bringing out a big vote in your county. The forces of evil and particularly of bad government are always working and may be depended upon to come out and vote; therefore, it is of extreme importance for the friends of good government to be most careful and most watchful.

"You will please bring the importance of a big vote at the November election to the attention of the people in your precinct and county through the local papers, and also later on, undertake some systematic method of impressing the voters so that the importance of going to the polls November 5th may not be overlooked? In fact, I once more appeal to your generous interest and fidelity to my cause. I am asking that you help bring out the biggest vote ever recorded for the Democratic ticket in November.

"Signed: W. P. HOBBY, Governor."

HAS 17 BALES FROM 100 ACRES.

J. W. Hingst Expects to Get Four or Five More Loads of Cotton if Frost Holds Off.

J. W. Hingst has picked seventeen bales of cotton from a hundred acres of land, and he says he will get at least four or five more bales if frost holds off a few days longer. Mr. Hingst lives on Route 4.

Help was short, so Mr. Hingst says he planted two rows of cotton and skipped one. This left fewer plants on the ground, and when the weeds and grass began to grow his young son could get on a lister and plow out the wide middle. Planting thin also helps when there is not enough rain, as was the case this year.

FREE DELIVERY EXTENDED.

Additional Territory Carries With It Appointment of Two Full Time Carriers.

Free delivery in Vernon has been extended considerably, according to announcement of Postmaster J. V. Townsend. The extension includes three blocks on West Paradise, one block on East Texas and a number of blocks on Lexington street. This includes short intervening streets.

The increase in free delivery territory carries with it the appointment of two carriers. Heretofore the Vernon postoffice has had one regular carrier and an auxiliary who worked six hours a day.

IN ARMISTICE BECOMING EFFECTIVE AT NOON YESTERDAY TURKEY GIVES UP DARDENELLES TO ALLIED POWERS

Free Passage Is Granted to Allied Warships Into Black Sea, Establishing Communication of Allies with Roumania and Russia—Entire Turkish Army in Mesopotamia Captured—Austrian Commander Has Asked Italians for Armistice.

An armistice between the Allied powers and Turkey became effective yesterday at noon. The terms of the armistice called for the surrender of Dardanelles and Bosphorus forts and the free passage of Allied warships into the Black Sea, thus establishing communication between the western powers and Roumania and Russia. All British prisoners are to be repatriated.

The armistice did not come in time, however, to prevent the capture by the British of the entire Turkish army operating on the Tigris river in Mesopotamia.

Within the last two months the Turkish power in Palestine and Mesopotamia has been crushed by the British and native forces operating with them. As a result of these victories and the collapse of Bulgaria, the capitulation of Turkey has been considered certain for weeks. Hence, her unconditional surrender yesterday came as no very great surprise to the world.

Turkey's withdrawal leaves Austria and Germany alone to fight a losing battle with the Allies, and the surrender of Austria seems to be only a matter of hours. The commander of the Austrian armies has already, in fact, applied to General Diaz, commander of the Allied armies in Italy, for an armistice, which has been transmitted to the Supreme War Council at Versailles, according to late dispatches from Europe.

It is reported that the Supreme War Council has formulated the terms of an armistice with Germany and that they have been received in Berlin. These conditions, however, have not been made known to the world.

A general peace seems to be imminent. War critics believe that if Germany does not now accede to the demands made by the Allies, she will soon be brought to terms. The withdrawal of Austria will leave Germany's southern frontiers, which are unfortified, open to invasion of the armies in Italy. It is certain that she cannot long withstand the attacks of her enemies, unaided.

EXEMPTION BOARD EXPLAINS ORDER OF "WORK OR FIGHT"

In an effort to clear up confusion which has arisen regarding the probability of having to go to war because of being in "non-productive" occupations, as a result of the organization of a local Labor Board and the promulgation of a list of "non-essential" employments by the United States Department of Labor, Cecil Storey, chairman of the local Exemption Board, has given out the following statement:

"There seems to be some confusion and misunderstanding between the non-productive occupation list under the 'Work or Fight' order, prepared by the War Department, and the non-essential list prepared by the Labor Board, under the direction of the Department of Labor, we hope to throw some light on the situation by this article, so that no one may be misled or be misunderstood.

"The War Industries Board is concerned merely with strengthening the priority position of a limited number of industries at the top of the scale, so to speak, in relation to the war needs; while the Provost Marshal General's regulation is concerned mainly with strengthening the Army by taking the registrants who choose to stay in a small number of occupations at the bottom of the scale. The whole range of occupations in between the two lists remain open to receive those who may leave the five occupations named in the 'Work or Fight' order.

Labor Boards Have List.

"The War Labor Boards have prepared a list of employments which they regard as non-essentials, and it is from men employed in these employments and from idle men that they expect to recruit their workers. Their list of non-essential employments is not promulgated by the War Department, and is not to be confused with the list given us in the 'Work or Fight' order.

"The 'work or fight' order only applies to the non-productive occupations prepared by the Provost Marshal General; they are set out in Selection 121-K, of the Selective Service Rules.

RED CROSS PLANS FOR BEING SANTA CLAUS COMPLETE

Misses Nelle Pettit, Ruth Hawkins, Janita Youngblood, Frances Hicks, Mary Anderson, Pearl Eakle, Jessie Jenkins, Myrtle Howard, Ethel Haney, Hazelle Eakle, Merle Lloyd, Lillian Murchison, Emma Rhoads, Harriet and Olive Shive, and Mmes. Clifford Pendleton and Joe Napier have been made inspectors of Christmas boxes which are to be sent overseas for boys in the army.

Persons are warned not to take their boxes to the postoffice, but to bring them to the Red Cross rooms.

"Do not worry about the tags which you must have before you can send your box a Christmas package," says Mrs. Bertha Ross, in charge of that Division. "The men in France have been furnished tags and instructed to send them. These are expected this week or early next."

Mrs. Ross says people are nervous about the matter of tags, not understanding that the boys in France have complete instructions, and have already sent their tags. But these must come to the nearest of kin—and only one tag is given to each man.

So that if it happens to be a sweetheart to whom you want to send a Christmas present, Mrs. Ross says you must mail it to his nearest relative. Relatives are also warned at this point. Presents must go to the nearest relative, and they must be so that they will go in the boxes 3 by 4 by 9 inches.

Receiving station will be in the Bailey Hotel building and will be kept open every day, except Sunday, until Wednesday night, November 20. After that date no Christmas parcel for overseas can be received. Supplies have been forwarded the Vernon auxiliary, including boxes and complete instructions. Those who are nearest kin to the boy to whom they wish to send a Christmas box should call within the next few days and get full information. Persons will present their tag and receive a carton. No cartons will be issued without a tag.

Today—Clara Kimball Young in "The Claw." The story opens with the London debut of Mary Samrin (Clara Kimball Young), an orphan, who is being wooed by Lord Herriott. When news comes that Mary's income has been cut off, the girl decides to join her brother Dick, in South Africa. She is left by a drunken stage driver to spend the night in the open; ere long she hears the roar of the lions and fires at a dark shape, falling into a dead faint. "Kim" hears the shot and rides up, standing guard all night and following her to where her brother is stationed. The natives rebel, and Kim and her brother are carried off. After many adventures, Mary helps rescue these men, and the climax comes when Mary is restored to her lover.

Monday—"T'other Dear Chamer," starring Louise Huff. The story is of the romantic drama type, containing plenty of the human element and light comedy situations of the highest class. It is the kind of play that drives away the "blues." It tells of a wealthy young girl who is working in the interest of the Red Cross, and when she finds that a benefit she has given has not realized the amount she expected, leaves her Long Island estate to a wealthy New York woman and disguises herself as a French maid. It is then that she runs head-long into romance.

More's.

Today—Charming Enid Bennett appears in her newest picture—"When Do We Eat?" It is said to be a good clean comedy drama full of laugh, with a pleasing climax. A Western comedy will also be shown.

Saturday—A special Bluebird production with Ruth Clifford and Rupert Julian in "The Fires of Youth." This is said to be one of the best pictures the two noted stars have played in. It is a story of heart interest, containing a pretty love story. A big V. comedy, "Hula Hulas and Hocus Pocus," will also be shown.

Monday—"On the Quiet." John Barrymore makes a welcome reappearance in the role of Robert Ridgway. Robert has been expelled from Yale for general wildness. He is very much in love with Agnes Colt, an heiress of \$20,000,000, but the match is opposed by the girl's brother, whose consent must be secured, under terms of the older Colt's will. The piece begins slowly, but works up to a delightful finish.

White City News

White City, Oct. 28.—(By special correspondence.)—This community received a fine rain Friday night and Saturday.

The wheat is growing nicely from the frequent rains we have had. It will very soon be large enough for pasturage. When we looked out of doors and beheld the earth covered in snow, also the white topped houses, we felt like Christmas had arrived last Saturday night. The little folks were planning "big times" for Sunday, and peeped out the window to see the snow Sunday, but there was no snow in sight. Some people didn't know we had any snow until neighbors told them. It came after dark and made its departure before another day. It did very little, if any, damage to the late top cotton crop.

There were no services at the church again Sunday on account of the influenza. Although the condition is improving rapidly around White City. There was only one new case reported the past week.

Rev. and Mrs. W. W. Adams and daughters, Una May, and Mrs. Mabel Anderson and two children, visited Mrs. Adams' sister and family, Mr. and Mrs. D. D. Kemp and children in Odell Friday night, until Sunday.

G. T. Brown and Miss Naomia Box were united in marriage Sunday evening, October 27th, at the home of her uncle, Mr. and Mrs. Henry Box, Rev. W. W. Adams officiating. Only relatives and a few friends were present. Mr. Brown makes his home at Quanah while Miss Box moved into our community with her parents a short time ago. The community extends congratulations to the happy young couple.

Little Miss Christine Griffith is suffering from an attack of influenza. We are hoping she will make a very rapid recovery and be present at our next meeting of Sunday School. She is one of Mrs. John Knapp's very best and brightest pupils.

Mr. Kline has returned to our community for an extended visit with his daughter, Mrs. B. K. Griffith. Mr. Kline has visited in our community before.

Mrs. W. B. Atkins is recovering after a week's illness at the home of her father and mother, Mr. and Mrs. J. T. J. Dunson.

Mr. and Mrs. J. B. Gauntt received an official card Sunday stating their son Albert, had arrived safely overseas. Mr. and Mrs. J. M. Knapp, Mr. and Mrs. J. H. Adams, Mr. and Mrs. L. A. Anderson, and Chas. Castleberry visited Rev. and Mrs. W. W. Adams Sunday evening.

Henry Box made a business trip to Vernon Friday evening in the wagon and was compelled to stay until Sunday evening on account of the bad weather.

J. H. Adams purchased a Ford car the past week.

There is serious illness in the Wilson home at this writing. Two doctors were called Sunday evening.

Mr. and Mrs. Will Ketchum, and Mrs. M. A. Coffey were visitors at the home

of Mr. and Mrs. S. F. Floyd Sunday evening.

Mr. and Mrs. J. R. White and children visited Mr. and Mrs. Perry White Sunday.

Little Miss Fern Kester visited her aunt, Mrs. Will Germany from Thursday until Sunday.

Anna Lou Kester visited her grandparents, Mr. and Mrs. J. P. Starr, from Thursday until Sunday.

Mrs. Frank Thompson returned to her home near Sayre, Okla., after a visit with Mr. and Mrs. J. C. Thompson. Her husband, Frank Thompson, who is stationed at Camp Logan, returned to camp Thursday night.

Miss Marianna Covert visited Miss Alice Starr Sunday evening.

Elmer Smith spent Friday night and Saturday with Arthur Gauntt.

Mr. and Mrs. W. B. Germany visited their parents, Mr. and Mrs. J. P. Starr Sunday.

Misses May and Trixie Coffey, Irene and Eunice Reeves, and Messrs. Lee Coffey, Bob Chapman, Dee Ketchum, and Carroll Reeves visited Misses Clydia and Essie Floyd Sunday evening.

Mrs. Frank Thompson returned to her home near Sayre, Okla., Sunday, after a visit with Mr. and Mrs. J. C. Thompson and daughters, Misses Vera and Verna.

WOMEN ARE SLOW ABOUT RETURNING QUESTIONNAIRES

Of Twenty Who Have Answered Questions, Eight Volunteer for Work Anywhere—Urgent Call Is Made for Women to Take Month's Intensive Training and Go Overseas.

Twenty women have returned the questionnaires sent out to them, asking certain questions as to their availability as nurses. Of this number eight were willing to accept war service anywhere, although two who are teaching will not be available until their schools close. Two who are not available for service elsewhere volunteer for work at home.

Questionnaires were sent out to thirty-eight women, and eighteen have not yet answered. If these do not send in their answers in a few days a second questionnaire will be sent them. It is not necessary that a woman volunteer for service, either here or elsewhere, but she is required to fill out and return her questionnaire.

Mrs. J. Dale, chairman of the Committee on Nursing, is in receipt of the following telegram, which has been sent out from Surgeon General's office:

"Surgeon General requests fifteen hundred nurses aids between thirty-five and forty-five years for immediate service overseas. Instruction in home care of sick and one month's practical experience is required. Thirty dollars a month with maintenance or allowance for same will be paid. Begin instruction at once daily lessons in home care of sick and practical hospital work. Need in France urgent. Some may be available later who are aiding in epidemic."

Mrs. Dale says that the lessons will begin just as soon as the epidemic of Spanish Influenza abates a little more.

Women eligible for foreign service will be given a month's intensive training at any one of the following hospitals: Baptist Memorial or St. Paul's in Dallas; Providence Hospital or Hotel Dieu Training School in El Paso; All Saints in Fort Worth; John Sealy in Galveston; P. & S. Hospital in San Antonio; Providence Sanitarium in Waco; Baptist Sanitarium in Houston. In Oklahoma nurses may go to the University Hospital in Oklahoma City, or the Oklahoma Hospital in Tulsa. There are hospitals available in St. Louis, Kansas City, St. Joseph, and Springfield, Mo.; in Kansas City, Topeka, and Wichita, Kansas; and in Little Rock, Fort Smith, and Hot Springs, Arkansas.

Mrs. Dale is requested to mail to the St. Louis office at once applications of all available candidates between twenty-five and forty-five years of age, since those under thirty-five will be used for special service with the Red Cross and may be used in military hospitals at a later date.

"We hope that you will be able to supply from your large number of young women who have had the instruction several suitable candidates

Dawson Valley News

Dawson Valley, Oct. 30.—(By special correspondence.)—Will and Rush Smith have several cases of influenza in their families.

The Boardland Red Cross Auxiliary has sent in twelve pairs of socks for this month, but the demand for socks is so great that everyone who can possibly knit is asked to do so. This auxiliary has so far done its required amount of work. Now that winter is here it is hoped that it will not get behind but will work the harder.

Charlie Cook, who has had influenza, is improving.

A. D. Boardland, who has been sick is able to be out of the house again.

Marvin Sharp made a business trip to Hereford last week. He started home Saturday but because of the severe snow storm at Amarillo, the trains were all delayed and he did not arrive until 5:30 o'clock Sunday afternoon.

The three boys of Mr. and Mrs. Lou Turcott, who have been ill, are very much improved.

Miss Pauline Ramsey is spending the week with Mrs. L. D. Terrell in Vernon.

Marvin Sharp is suffering from an attack of influenza.

ANOTHER CALL TO SERVICE

Wilbarger county has been called upon to give \$15,000 to the United War Work campaign. This fund will be divided among the seven organizations, recognized by the War Department for welfare work with the soldiers at home and abroad. The Y. M. C. A. will receive more than half of all money raised.

It goes without saying that every person is interested in the welfare of the men who are fighting our battles. This is the only means offered for contributing to a fund to provide wholesome recreation and the little comforts that count tremendously for the well being of our fighting men. This is the only agency through which religious services can be carried to the men. It is the only agency that goes to the front line trenches with hot coffee, tea, chocolate and sandwiches.

To some these little comforts for the soldiers may seem like luxuries, but no patriotic citizen should take the attitude that our boys should be denied a few little luxuries when the folks at home as yet have been deprived of nothing. The stay-at-homes still have three hot meals a day. They sleep in clean, comfortable beds. They still drive automobiles and wear good clothes. But the soldier's lot is hard at best. He faces death every moment, knee deep in mud and slush. His bed is a muddy trench, a damp cellar or an open field.

Under these conditions, a man or woman who will refuse to go the limit to provide a few little comforts for the soldiers should be classed a slacker. They fight for us. Let us deny ourselves a few luxuries for them.

THE PRIVILEGE OF VOTING.

Voting is a privilege lightly esteemed by many Americans; yet it was the slogan "taxation without representation is unjust" which inspired our forefathers throughout seven dreary years of conflict for American independence.

Good citizens must vote. Otherwise popular government is a failure. The forces of evil are always vigilant. They never sleep, and are always present at the ballot box, as well as ceaseless in pressing the cause of their partisans.

Perhaps the most important question to be decided in Tuesday's election is whether or not Texas will furnish free text books to its boys and girls. A vote for free text books means a vote for greater opportunity to the poor boy and poor girl to get an education. A vote for free text books means a vote for greater economy—because our State can buy cheaper than can the individual parents; and still those parents who wish to buy individual books may do so at the lower price.

Are not these considerations enough to impel a patriotic man to undergo real inconvenience, if necessary, to cast his ballot Tuesday? Yet they are not all.

Representation in county, district, and state conventions is based upon the party vote for governor. This is a matter of

FOSTER'S WEATHER BULLETIN

(Copyrighted by W. C. Foster)

Washington, D. C., Nov. 1.—Last bulletin gave forecasts of disturbance to cross continent Nov. 8 to 12, warm wave 7 to 11, cool wave 10 to 14. Not much rain; warmer than usual; moderate storms.

Next warm wave will reach Vancouver about Nov. 13 and temperatures will rise on all the Pacific slope. It will cross crest of Rockies by close of Nov. 14, plains sections 15, meridian 90, great lakes and Ohio-Tennessee valleys 16, eastern sections 17, reaching vicinity of Newfoundland about Nov. 18. Storm wave will follow about one day behind warm wave, cool wave about one day behind storm wave.

This will be a radically severe storm, causing more than usual precipitation and followed by a cold wave and frost going farther south than usual. It is sometimes difficult to determine whether a great storm period will spend most of its force in producing rain, or heat, or destructive land storms, or hurricanes, or severe cold waves, but usually one of these weather events is develop-

no small importance. It will be an added incentive for good citizens to vote Tuesday.

Complaint is made that "mashing," in perhaps a modified form, has been attempted recently in the case of some of Vernon's women workers. The term "modified" is used, because the complaints are not so flagrant as have been made in other, and for the most part more populous communities. For that reason, it is barely possible that the guilty individual, or individuals, may not be aware of the enormity of the offense committed. Mashing is always reprehensible to the highest degree. At times like these, when our sisters are being called upon to fill the places of men who are fighting the nation's battles, any man (we use the term generically) who attempts familiarities will become a pariah. The citizenship of Vernon will not countenance mashing now, or at any other time.

Guyer News.

Guyer, Oct. 30.—(By special correspondence.)—This community was visited by another big rain last Friday night and Saturday. It will be lots of benefit to the wheat.

The farmers have the most of their wheat planted, some is up and looking fine. There will be a large acreage this year.

John Turner is very sick at his sister's home northeast of Electra, with pneumonia and is some better at this writing.

Mr. and Mrs. Bruce Gillis are recovering from an attack of influenza. Their little son, Millard, is still pretty sick.

Cora and Edith Trisler are able to be up after having the influenza.

Mr. and Mrs. Arnold Pate made a business trip to Harrold Thursday afternoon.

B. F. Potts' family is up after an attack of influenza.

Mrs. John Rodgers stayed at S. P. King's Saturday night, nursing the sick. There are five in bed at that place.

Miss Beulah Rodgers is staying at Rufe Sanderson's this week waiting on the sick folks. Seven of the family are in the bed with influenza.

Dudley Frazier and wife have moved in Mr. John Lynch's house 1 1/2 miles north of Guyer.

There hasn't been any Sunday School for the past three Sundays at Guyer on account of the epidemic of influenza, but we hope to be able to

ed to a greater extent than others. This great storm period will at least develop extremes in some of these features.

This storm will probably be most important to the cotton states on account of the extensive killing frosts but the severe cold wave and extensive rains and snows will be of interest to northern sections. From it bad weather is expected for gathering corn and picking cotton.

I am expecting a hard winter for livestock and winter grain; not much snow but very cold. This will require more feed than usual for livestock and a shortage on 1919 winter grain.

Many theories are advanced as to the cause of the great influenza epidemic. I declare that the total eclipse of the Sun, June 8, 1918, was the cause. The electro-magnetic forces of Sun and Moon are greatest at the total eclipses. The eclipse shadow covered the United States thereby magnetizing the soil and preparing it for the spread of the great plague. Saturn, noted for causing plagues, was electro-magnetically connected with the Moon and the Earth.

continue our work from now on.

School will commence at Guyer the 4th of November. We hope to have a large enrollment, as most of the cotton is out until after frost falls, and most all the children are preparing for the first day. Miss Ruth Gilliland of Vernon and Miss Rosa Trisler are teachers.

Misses Ida and Bessie Pate visited the Potts family near the county line Sunday.

Whitney Reid is recovering after a severe spell of the influenza. We hope he will be able to be up in a short while.

V. A. Frazier's family is able to be up after a spell of influenza.

J. M. Pate and wife visited at Whitt Reid's Sunday afternoon.

The remains of Roy B. McClure arrived in Vernon from New Jersey Saturday night and were laid to rest Sunday in the East View cemetery by the W. O. W. lodge at Elliott, which he was a member of. We certainly hate to hear of Roy's death. He has lived in and around Guyer for ten or twelve years and has many friends here to mourn his loss. His parents live at Burk Burnett. They have the sympathy of the entire community.

George Turner, son of Mrs. W. B. Turner, died at his home on October 16th, following an illness of only one week. He took influenza and it developed into pneumonia. He was eighteen years of age. The bereaved family has the sympathy of the entire community.

Mrs. Ethel Edwards, daughter of Mr. and Mrs. Abe Thomas, died at the home of her parents on October 5. She leaves a husband and one child to mourn her loss besides other relatives and friends. She took pneumonia and was sick only 5 days.

Mrs. John Rodgers left October 17 for Frederick, Oklahoma, in response to a phone message that her brother, Walter Hunt, was very low and not expected to live.

Moody Gardner has gone to Henrietta, Okla., to the bedside of his brother, Luther, who was reported very low.

Fargo, Oct. 30.—(By special correspondence.)—Born to Dr. D. T. Jordan and wife, a baby girl, October 26th.

Mrs. D. J. Wilhelm is improving after an attack of influenza and bronchitis.

Minnie Crisp has been ill with the influenza for the past week.

Mrs. Hoover, sister of Mrs. Clint Bumpus, died last Thursday, October 24th. She had been here only a few days from Oklahoma on a visit, but was sick all the time with pneumonia. Everything that loving hands and hearts could do was done to save her life. Her husband was killed in France only a few days before her death. The friends of the family are in entire sympathy with them in their sorrow.

Miss Bertha Crisp is real sick this week.

Mrs. Ray McDaniel is improving after an attack of influenza and pneumonia.

Several of the Sledits and Goins children are sick this week with influenza.

The entire community was shocked and grieved over the death of Mrs. Fred Lovelace at her residence Sunday night. Elder Cade of Vernon preached the funeral services at Fargo cemetery. Mrs. Lovelace was the daughter of Mr. and Mrs. R. B. Richardson and had

lived in this community for a number of years. She was a consistent member of the Church of Christ, a happy Christian, and faithful friend to all who knew her. She leaves her husband, four children, her parents, a brother, Norris (in France), Miss Willie, a sister, in Washington, D. C., Mrs. R. S. Corcy, who attended the funeral and little baby sister, Louise, together with a host of friends and relatives who mourn

the loss of one whose life was noted for Christian deeds and love toward others.

Mrs. B. C. Wood returned to her home at Tolbert Sunday, after nursing Mrs. D. J. Wilhelm for several days.

PLANNING TO BUILD LIBERTY HALL HERE FOR BOYS IN ARMY

Individuals Will Be Asked to Contribute Liberty Bonds to the Amount of \$100,000 to Erect Structure at Close of War—Museum Will Be Feature With War Relics of Every Kind.

A campaign is being planned for the erection of a Liberty building in Vernon. The work will be done under auspices of the local Chamber of Commerce, and it is hoped to start the building immediately after the present war.

The purpose of the building will be to furnish club rooms for all men who enlisted for service during the present war, whether they went overseas, or not. At the same time the building will house all civic organizations—such as the Y. M. C. A., Red Cross, Chamber of Commerce, and will furnish a public auditorium in which all public meetings can be held.

It is believed by many of the leading business men that a building costing not less than \$100,000 can be erected. They figure that some men in the county whose sons have seen service will be glad to give as much as \$5,000 or \$10,000 to such a memorial. It is felt that many others will give amounts, varying from \$100 to \$2,000. Most of the money will be collected in the form of Liberty Bonds.

So far as is known, Vernon is the first town to begin planning a Liberty building. Even if other municipalities do plan similar buildings, the Vernon idea will help to make the local corporation stand out all over the United States as a markedly live and patriotic town.

The feature of the Liberty building will be a museum, in which will be gathered rare souvenirs from all over the world, valuable documents from Europe, and other unique and unusual relics. Parents of boys now in Europe are requested to write their sons of the plan, and request that the boys keep on the lookout for something to go in the Vernon museum.

Men collecting rare coins, documents or war relics are asked to box them carefully and ship to the Vernon Chamber of Commerce. The local organization will pay transportation charges. Souvenirs should be marked plainly with the name of the sender, and give such other information as may be necessary to identify them.

It is hoped that local people having relatives or friends in the warring countries will make known to them the Vernon plan, and ask their assistance.

WILL LIST WAR WORKERS.

Pamphlet Containing List of Home People and What They Did to Be Given Soldiers.

The local Chamber of Commerce announces that it is making a list of every adult citizen in Wilbarger county and of all places of business to show the war work each has done. This will include women who are the head of their household or business, as well as men.

The record will show how many Liberty Bonds and Thrift Stamps have been purchased; how much has been contributed to the Red Cross, Y. M. C. A., and other war activities; how many times each person was called on to render some service and how many times the request was refused. In each case the reason given for failure to render the service asked.

This list will be arranged in alphabetically order, issued in pamphlet form and turned over to the soldier's club that will be organized after the war. The purpose of this pamphlet will be to let the Wilbarger county boys know who did his or her duty here at home when the men were on the fighting front.

How Doctors Treat Colds and Grippe

Ask any physician or druggist and he will tell you that the best and only effective remedy for a bad cold, sore throat or la grippe is what he calls "a brisk calomel purge," which means a big dose of calomel at bed time. But as the old style calomel has some very unpleasant and dangerous qualities physicians and druggists are now recommending the improved nausealess calomel, called "Calotabs" which is purified and refined from the sickening and dangerous effects and whose medicinal virtues are vastly improved.

One Calotab on the tongue at bed time with a swallow of water—that's all. No salts, no nausea nor the slightest interference with your diet, pleasures or work. Next morning your cold has vanished and your entire system is purified and refreshed.

Calotabs are sold only in original sealed packages, price thirty-five cents. Your druggist guarantees Calotabs by refunding the price if you are not delighted.

TOMORROW FIRE PREVENTION DAY

ACTING GOVERNOR URGES CITIZENS TO REDUCE FIRE AND ACCIDENT LOSSES.

Tomorrow is fire prevention day. Acting Governor R. M. Johnston has issued the following proclamation designating November 2 as State Fire and Accident Prevention Day:

"In accordance with established custom, and in order to direct the attention of our people to the value of fire prevention as a means to the conservation of the created resources of the State, I, R. M. Johnston, Acting Governor of Texas, do designate and set apart Saturday, November 2nd, as State Fire and Accident Prevention Day, and do call upon all citizens to observe the occasion by performing a specific service that will help reduce the fire waste.

"Fires from carelessness, ignorance, and easily preventable causes take an enormous toll of our created wealth. Since our country was drawn into the world war, and is now engaged in history's greatest conflict, the patriotic duty of every Texan is to lend his energies toward a realization of the high American ideal, 'To make the world safe for Democracy.' To that end we must conserve our resources, and particularly must we protect supplies of food and products valuable to the Nation during the war, from destruction by fire.

"The country's annual fire loss of approximately \$250,000,000 is almost equivalent to the interest upon \$6,000,000,000 worth of Liberty Bonds. It thus impairs America's financial resources at a time when conditions call for the utmost retrenchment and thrift. Realizing the situation, those charged with the responsibility of Government, and the task of carrying the Nation through the war, have inaugurated a campaign of conservation that is being encouraged by thoughtful people throughout the country.

"In setting apart Saturday, November 2nd, as State Fire and Accident Prevention Day, I call upon every citizen to earnestly consider the occasion, and methods and means of aiding the movement. In addition I would urge that special efforts be made to feature the day.

"I ask that the Mayor of cities and towns of the State issue their proclamations calling upon the people to observe the day by fire and accident prevention activities; that superintendents and principals and teachers in all of our schools give lessons in fire prevention and drill practice, and impress the rules of safety first upon all children in their charge; that every civic and commercial organization within the State join in an observance of the day; that our fire chiefs and fire marshals plan and direct specific work on this day, and give their co-operation, with civic and commercial organizations, toward an effective presentation of suggestions and convincing demonstrations in fire and accident prevention.

"In testimony whereof, I hereunto sign my name officially, and cause the seal of State to be hereon impressed, in the City of Austin, Texas, this 9th day of October, A. D. 1918. Signed:

"R. M. JOHNSTON,
"Acting Governor of Texas."

TRY IT! SUBSTITUTE FOR NASTY CALOMEL

Starts your liver without making you sick and can not salivate.

Every druggist in town—your druggist and everybody's druggist has noticed a great falling-off in the sale of calomel. They all give the same reason. Dodson's Liver Tone is taking its place.

"Calomel is dangerous and people know it, while Dodson's Liver Tone is perfectly safe and gives better results," said a prominent local druggist. Dodson's Liver Tone is personally guaranteed by every druggist who sells it. A large bottle costs but a few cents, and if it fails to give easy relief in every case of liver sluggishness and constipation, you have only to ask for your money back.

Dodson's Liver Tone is a pleasant-tasting, purely vegetable remedy, harmless to both children and adults. Take a spoonful at night and wake up feeling fine; no biliousness, sick headache, acid stomach or constipated bowels. It doesn't gripe or cause inconvenience all the next day like violent calomel.

BISHOP J. M. CANNON HERE SUNDAY NIGHT

REV. H. M. LONG WILL MAKE FINAL REPORT AT MORNING SERVICE.

Bishop James M. Cannon of San Antonio will dedicate the Vernon Methodist Church Sunday night. He is unable to get to Vernon for the morning service.

Bishop Cannon was chosen at the last General Conference, and is reputed to be one of the strongest pulpit speakers in the church. He moved to San Antonio after being elevated to the bishopric. This is Bishop Cannon's first visit to Vernon, and naturally the pastor is anxious that a host welcome him for the dedicatory service.

Sunday morning Rev. H. M. Long will give a complete statement of his work as pastor, and will preach his concluding sermon. He will accompany Bishop Cannon to Conference at Lubbock, and after that will take up work as Conference Missionary Secretary for Northwest Texas and all of New Mexico in the Centenary Movement. It is likely Rev. Long will continue to make his home in Vernon.

The Church is making one of the best reports in its history, Rev. Long says, both in membership and finances. More members have been received by vow and baptism during this year than for a number of years, and the membership numbers more than 800.

Despite the numerous calls for war activities, coupled with dry weather of unprecedented continuation, the church has paid out about \$17,000 during the year, which the pastor feels is a splendid tribute to the membership. Rev. Long is specially anxious that the membership of the church be present Sunday morning to hear this report.

EXPECTS RAIN IN SPRING.

H. A. Klingler Says When There Is Season During Fall Precipitation Continues.

H. A. Klingler expects plenty of rain next spring. He bases his belief on observation. During eight years which Mr. Klingler lived in this county, he says always when good rains have fallen during the fall, ample rains have come during the spring season to insure crops. When the fall is dry, no rain of sufficient quantity to make crops comes in the spring. "Mr. Klingler believes" in intensive stock farming, as well as growing some cotton. He has 300 pigs on his farm that were born last spring, and 250 have already been born this fall.

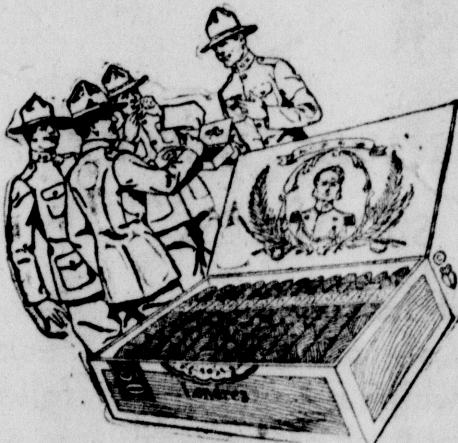

Mr. Klingler was the first man in Wilbarger county to pay \$100 an acre for a farm. He bought 300 acres. He is a native of Switzerland.

Eleven Sick in One Family.

W. H. Smith on Route 1 was in Vernon yesterday to renew his Record. He and Mrs. Smith are looking after eleven who have the influenza. Eight are their children and three relatives. Mr. Smith's son is also sick in Vernon, and it keeps the father going at a high rate to combat the disease.

Thalia News.

Thalia, Oct. 30.—(By special correspondence.)—A big fine rain fell here Friday night. There would be any wheat pasture for a while now, but the wheat will be fine.

Several people from here were in Crowell Wednesday night to hear the Hawaiian Singers.

Mr. and Mrs. T. M. Haney and daughter, Leta, and Essie Shultz were in Vernon Thursday.

J. W. Taylor, Mack Dickey, and J. R. Solomon have the influenza.

Mr. Weather's family are all up, and doing pretty well, but Mr. Askins' family is not doing so well.

Marvin Phillips, son of Mr. and Mrs. M. J. Phillips, came in Thursday from San Diego, Calif., on a ten day furlough.

Insley Huddleston and Marvin Price have returned from Kansas City, where they were in the Sweeney Auto College. The influenza is there, like everywhere else, and they decided they would come home before they got sick.

The postoffice inspector was here Friday inspecting the local postoffice. A. J. Rabb of Weatherford was here this week looking after his farm about one mile north of Thalia.

Sophronia Staton, Mabel Roberts, and Adele Ragland spent the week end at Crowell, with relatives.

Emmett Pyle of McLean, Texas, Velma Meadows, and Fronia Silas of Crowell, and Essie Shultz of Ayresville, Leta and Clarence Haney, were visiting at the home of G. A. Shultz Friday night.

Knoxie Buress spent the week end with homefolks.

T. A. Johnson and daughter, Myrtle, were in Crowell Friday.

Roy Long fell against the stove and burned his hand, but it is not serious.

Bob Abston is able to be up again, after an attack of the influenza.

RED CROSS PLANS FOR BEING SANTA CLAUS COMPLETE

(Continued from page 1)

fices for receiving Christmas parcels with any of the auxiliaries. All will come to the Vernon office.

It should be understood that packages without the proper Christmas label can not be accepted; also that inspectors must select any parcel submitted in a car in that was not issued by the Red Cross. The cartons will be left with the Red Cross and mailed by that organization.

The following instructions have been issued by George W. Simmons, manager of the Southwestern Division, with headquarters at St. Louis:

Christmas parcels must be placed in standard cardboard boxes 3x4x9 in size. These boxes will be provided to holders of boxes by the American Red Cross. They may be obtained at Red Cross chapters or branches after November 1.

Study these instructions and avoid mistakes. No message or writing of any kind will be allowed to go in the boxes. When the boxes are packed but unwrapped, they must not weigh more than 2 pounds, 15 ounces. If the parcel is over weight, some article must be removed.

Do not mail the box yourself. When packed, the box, unsealed and unwrapped, ready for inspection, should be taken to the nearest collection station designated by the Red Cross. Red Cross representatives are authorized to remove objectionable articles from parcels. Shippers will then affix sufficient postage on their parcels to carry them to Hoboken, N. J. Parcel post zone rates will be charged. The parcels are to remain in custody of the Red Cross until delivered to the postal authorities.

No Christmas parcel will be accepted by the Red Cross for shipment after November 20. Keep this fact in mind when planning a merry Christmas for the boys "over there."

Rules to Be Observed.

The following is an outline of the procedure to be followed by persons planning to send one of these parcels abroad:

On receiving one of these Christmas parcel labels, it should be presented at the nearest Chapter, branch or auxiliary headquarters of the Red Cross, where the holder will receive a carton. These labels are not expected to reach this country before November 1, by that time each Red Cross branch will have its allotment of boxes based on the number of soldiers in service overseas from that community.

These boxes may be filled with any combination of articles, except those on the list barred by the postal officials.

Articles Barred by Postoffice.

The following is a list of the principal classes of articles which are unmailable:

1. All spirituous, vinous, malted, fermented or other intoxicating liquors.
2. All kinds of poison and all articles and compositions containing poison.
3. Explosives of all kinds.
4. Inflammable materials, including friction matches.

5. Infernal machines and mechanical, chemical or other devices of compositions which may ignite or explode. Note: Under this classification, would come cigarette lighters, etc.

6. Liquids or liquefiable articles, fragile articles and other admissible matter when not packed in accordance with the requirements of the Postal Laws and Regulations.

7. All other articles which may kill, or in any wise hurt, harm, or injure another, or damage or deface or otherwise injure the mails or other property.

Nothing should go in a Christmas parcel which will not keep fresh from the time of packing until Christmas.

Dried fruits and other food products should be packed in small tin or wooden boxes, one-quarter to one-half pound size.

Hard candy, including chocolate, would probably be safe in tinfoil or heavy cardboard, but no soft chocolates nor anything that could possibly be crushed should be used, as the remaining contents of the package might be spoiled thereby.

Several dainties packed in oblong tin boxes holding each a quarter of a pound will provide a better variety for a packet than a larger quantity of a single confection.

No liquids nor articles packed in glass should be placed in the package.

For wrapping the gifts, use a khaki-colored handkerchief, twenty-seven inches square.

After the package has passed the inspection of the Red Cross representatives as to contents and weight, and been wrapped in stout paper, the Christmas label bearing the address of the man for whom it is intended is placed on it. The person sending the package, in the presence of the Red Cross worker, is required to affix stamps sufficient to carry it to Hoboken, N. J. The postal charges are to be at the rate of fourth-class or parcel post zone rate. A label certifying that the inspection has been completed by the Red Cross is

placed on the package, which is left in the custody of the Red Cross until delivered to the postal authorities.

WAGE PAID WOMEN BEING LOOKED INTO

LABOR BOARD ALSO INVESTIGATING COMPLAINT OF ATTEMPTED MASHING.

An investigation is being made in regard to salary conditions of women in Vernon. The local Labor Board has been instructed to look into this matter, as well as general working conditions. The United States Government employment service has taken the position that where women are doing the same amount of work and of the same nature as a man, they are entitled to the same salary paid men.

Reports have come to the Labor Board that some firms have female employees who are under paid; and that some of those firms are profiting because of war prices, using wo-

men workers to increase their own profits.

The Labor Board is aware that in a great many instances women can not take the place of men to the fullest extent, but there must be no discrimination. The Labor Board says, with a view of getting cheap help. Where employers do not use proper judgment they will be brought before the Labor Board and asked to remedy matters at once.

Another matter complained of is that some reports of attempted familiarity have come to the Labor Board. The Labor Board wants it understood that young women taking up work will be given protection against any attempts at mashing. Young women are asked to turn in to the Labor Board the names of any one who attempts any unbecoming familiarity, and employers are also requested to do the same thing.

G. E. Rogers and family, living in the northwest part of Vernon, are down with influenza. Three of them have pneumonia. There are eight in the family.

POULTRY EXHIBIT TO COTTON PALACE

GIRLS CLUB MEMBERS ALSO ARE SENDING BASKET EXHIBIT TO WASHINGTON, D. C.

Five members of the boys and girls poultry clubs are sending poultry to the Cotton Palace in Waco. Miss Ohmie Wilcox, in charge of home demonstration work in Wilbarger county, has sent an exhibit of White Leghorns, White Orpingtons, Langshans, and Rhode Island Reds for her club members.

The girls whose chickens were sent to Waco are Rama Parmley, Vera White, Pearl Mathus, and Annie Freudiger. Fred Mix also sent some poultry to the Cotton Palace.

Miss Wilcox has sent an exhibit of baskets made by girls who are members of her clubs to Washington for display during the Annual Exhibit

which is gotten together for the meeting of State agents in the national capital. Those sending baskets are Alice Golden, Eva Hanse, Ruby Sellers, Vera White, Louise Bildstein, and Rama Parmley.

Individual prizes offered for poultry are \$3.50, \$2.50, \$1.50, and \$0.50.

R. B. Turner Locates at Raton, N. M.

Word received by friends of M. and Mrs. R. B. Turner of this city, is to the effect that they have located in Raton, N. M. Mr. Turner likes the climate fine out there. Mr. Turner also renewed his subscription to the Record, so that he may keep up with what the people of Wilbarger are doing.

Mrs. Emma Teel of Vernon and Mrs. R. L. Ray of Fargo returned this morning from Electra, where they went to be at the bedside of Mrs. Ray's son-in-law, Oscar Ballard. Mr. Ballard died.

Mr. and Mrs. Gid Little, Misses Mary Cobb and Westmoreland, and Mrs. Carl Morris of Harrold, were in Vernon shopping yesterday.

JUNIORS ASKED FOR RUGS.

Mmes. H. B. Farrell, J. S. Cook, Miss Lillian Newton and J. N. Fulcher in Charge.

The Red Cross junior auxiliary of Wilbarger county has been asked for ten rugs and twenty-five scrap books. The rugs are to be four by six feet, if braided, and three by six feet if woven.

Mmes. H. B. Farrell, J. S. Cook, Miss Lillian Newton and J. N. Fulcher are in charge.

Color designs may be secured from the Red Cross authorities. The most effective combination is said to result from a field of black or gray with stripes in rose, cream and black. A rug should contain only one bright color.

The young people are busy and say that they propose to make good on Wilbarger county's slogan of never failing in anything.

Mr. and Mrs. S. H. Lane have returned from Fort Worth.

I. M. Cates of Crowell was in Vernon yesterday on business.

The Soul-Inspiring Light of Comfort

It's the only thing our boys have in their surroundings that seems a part of "Home"--the wonderful things that are being done for them by our National War Work Institutions.

All the rest is desolation, misery and suffering---stern duty that demands the utmost of sacrifices.

But after the nights in the trenches amid their vile vermin, detestable rats and indescribable horrors—with a screech of death in every exploding shell and whining bullet, the news that they are to be relieved and sent back of the lines is welcome news, indeed, to our boys. For, back of the lines means rest and recreation—baseball, entertainment, pie, coffee and doughnuts. Good things to eat, good books to read and home joys of all kinds. Many a stalwart heart offers up a silent prayer for the good people who have made such things possible.

But, such things are possible only when we all chip in and make them so. \$170,500,000 is now being raised for the following war work activities to be divided as follows:

Y. M. C. A.	\$100,000,000
Y. W. C. A.	15,000,000
National Catholic War Council and K. of C.	30,000,000
Jewish Welfare Board	3,500,000
War Camp Community Service	15,000,000
American Library Association	3,500,000
Salvation Army	3,500,000

In a few days you will be solicited for your contribution. Don't fail the boys. But give generously for their comfort. The least that you can do is to give all you can to this magnificent cause.

and Regulations (Draft Regulations); and were printed in the Vernon Record Tuesday, October 29th. Please procure a copy of same, if you do not understand them, and read them.

"Now if a man is engaged in one of these non-productive occupations prepared by Provost Marshal General, unless he changes his occupation, the 'work or fight' rules can be applied to him, and in the end, he may be immediately inducted into the military service, regardless of his classification, and order number. Should he change his occupation, then the Labor Board will assist him in getting employment—so an excuse that he cannot find a job will not avail him very much, since they are calling for men by the thousands.

May Add Other Occupations.
"The Labor Board, as we understand it, have the authority to place additional occupations on the non-essential lists prepared by them, if they see fit. In case they find a man engaged in one of the non-essential jobs promulgated by them, who will not give up such employment, and accept employment offered by them, they are not authorized, to apply, as we understand it, the 'work or fight act' to him, nor is the exemption board (unless the work the man is engaged in, comes within the non-productive list prepared by the Provost Marshal General. They can however, report on him back to the Labor Department, then the Labor Department finally reaches the man so engaged, through the Council of Defense.

"What should be plainly understood is this—should a man engaged in non-essential work, as defined by the Labor Board, refuse to quit such employment, and accept the employment offered by them, then he cannot be sent to the war by the Labor Board, but will be handled through the channels of the Labor Department and Council of Defense. In other words, the 'work or fight' act will not be applied. The 'work or fight' act, can only be applied, as we understand it, by the Exemption Board, and then, only when a man is engaged in a non-productive occupation contained in sec. 121-K, S. S. R. Signed: "Local Board for Wilbarger County, by CECIL STOREY, Chm."

Oklahoma News.

Oklahoma, Oct. 30.—(By special correspondence.)—This community was visited with another fine rain Friday night of last week. It was the best rain in two years.

Mrs. Sam Leak has been real sick but is reported better at this writing. Mr. and Mrs. Harry Sneed, and Mr. and Mrs. Langly, have all been quite sick with influenza, but are better.

Wheat in this section that is up is looking fine.

Mrs. William Nettles was called to the bedside of her brother at Larue, the first of the week.

Clois L. Greene shipped out 223 head of porkers last week averaging 173 pounds each.

Mr. Greene lost seventeen head of hogs Friday night. They were drowned during the rain storm.

Mr. and Mrs. J. H. Brock are in receipt of a letter from their son, John, at Camp Travis, stating he is suffering with rheumatism in one of his lower limbs and is off duty for a few days. Young Brock states that the influenza epidemic is getting better. He likes army life fine, and most all the boys have received their overcoats and other winter apparel.

Roscoe Rainwater had the misfortune to lose 3 head of cattle last Friday night as a result of lightning.

D. Tabethas has been very sick with a back set following an attack of influenza, but is better at this writing.

Clarence Rainwater from the Thompson community is going to school here this year. He will clerk in the store of his uncle, Roscoe Rainwater, during spare time.

S. C. Couch received word from his son, Clement, who volunteered several months ago, that he was now in France and was well and enjoyed the trip over fine.

John Brownlee from Hereford, is visiting friends and relatives here this week. Mr. Brownlee says that they have had plenty of rain and the farmers are very busy sowing wheat.

The oil well on the Ed Smith farm is now about 2,350 feet and the drill is still going.

P. C. Staley returned from Burk Burnett Monday and says that the oil business is still improving.

Earnest Starnes made a business trip to Fargo Tuesday.

Willie Jobe and Ray Brock were in Vernon Tuesday on business.

W. S. Bourland of Dawson Valley was in Oklahoma Tuesday on business.

Mrs. H. Parker living near Chillicothe is at the bedside of her daughter, Mrs. Harry Sneed, who is sick with influenza.

MRS. J. T. WEATHERALL DEAD.

Well Known Vernon Woman Died Wednesday Night Near Colorado Springs.

Mrs. J. T. Weatherall died Wednesday night at 8 o'clock at the Star Ranch Sanitarium, where she has been for more than a year for the benefit of her health.

The body is being shipped back to Vernon for burial. It is due to arrive in Vernon Saturday night. Interment will be made in East View cemetery. Funeral services will be conducted at the residence in Northwest Vernon at 2:30 Sunday afternoon by Rev. Gaines B. Hall, pastor of the First Presbyterian Church.

Mrs. Weatherall was 50 years of age and is survived by her husband and eleven children. T. T. Weatherall of Electra; S. W. Weatherall of Douglas, Ariz.; William Weatherall of the officers' training school at Camp McArthur, Waco; Ted Weatherall of Port Arthur, Leslie and John Weatherall, Mrs. Cy Long, Misses Minnie, Mary, Hattie, and Louise Weatherall, all of Vernon.

Miss Minnie Weatherall left Thursday morning for Colorado Springs, with the intention of bringing her mother back to Vernon. The death message was not received until after she had left. She went on to Colorado Springs and will return Saturday with her mother's remains.

All of the children will be here for the funeral. Mrs. Thomasson and W. L. Thomasson of Pontotoc, Miss., mother and brother of the deceased, will also be here.

The Weatherall family has lived in Vernon about thirty years, moving here from Pontotoc, Miss. They are well known throughout this section of the state and the numerous friends of the family will regret to learn of Mrs. Weatherall's death.

Wants Record in France.

Mr. and Mrs. R. L. Sellers of route 1 Chillicothe were in Vernon Wednesday to subscribe for The Record to go to their son, Raymond, who is in Company L, 142nd Infantry in France. Raymond asked for The Record to keep up with Willard county. He says he is getting along fine. His company is a member of the Thirty-Sixth Division.

Influenza Worse Than Hun Bullets

Claiming More Victims Than Battle Fronts of Europe—Disease Can Be Avoided.

According to carefully compiled statistics it is an indisputable fact that the Spanish Influenza Epidemic which is now sweeping all parts of the country is daily claiming far more victims than German bullets on the battle fronts of Europe. Although civil and military authorities have succeeded in checking the disease in some localities, it is growing worse in others and continues to spread at an alarming rate. That the disease can be avoided here is no longer any doubt. According to leading authorities the power of resistance of the human system can be so perfected that it can throw off almost any infection, not even excepting Spanish Influenza, which is one of the most contagious diseases known.

It is persons who are suffering from lowered vitality, who are weak and rundown and who have not the strength to throw it off who are the earliest victims. Persons who have had colds, who are suffering from catarrhal troubles, or inflammation of the mucous membranes are especially susceptible, as the inflamed mucous membrane linings of the nose and throat are an open door to the germs. This condition is almost always accompanied by a weakened condition of the system.

If you are suffering from any of these symptoms, nothing on earth will build you up and strengthen you like Tanlac, which contains the most powerful tonic properties known to science.

This statement is easily proven by the fact that Tanlac is now having the greatest sale of any system tonic in the history of medicine, in less than four years time over Ten Million Bottles have been sold and the demand is constantly increasing. Thousands are using it daily for the above troubles with the most astonishing and gratifying results.

Tanlac increases your strength and weight and creates a good, healthy appetite for nourishing food. It keeps you physically fit and helps every organ of the body perform its proper function in the natural way.

In connection with the Tanlac Treatment be sure and keep the bowels open by taking Tanlac Laxative Tablets, samples of which are included in every bottle.

MRS. BERRY WRITES ON LOYALTY LEAGUE

YOUNG WOMEN WILL HAVE PART
IN RAISING WAR FUND NOVEMBER 11.

The organization of Loyalty Leagues among the women and girls of Wilkerson will be the chief feature of the part to be had by the Women's division in the United War Work campaign, which begins officially November 11th and lasts a week.

Mrs. W. D. Berry is both district and county chairman of the Young Women's Christian Association, which is to assist in raising the War Work fund and will participate in its distribution. She has already commenced the organization of Loyalty Leagues.

Leagues will be organized in the schools and Sunday Schools, as well as among the adult women. The principal object of the League is to foster the spirit of loyalty and patriotism among women and girls and to impress upon them that they have a vital part in war work of all kinds.

The following explanation of the plan of the Leagues has been furnished by Mrs. Berry:

It is impossible to over-estimate the amount of service work accomplished by the patriotic leagues, in organization throughout the country. Through this source the young girls and women of the country are given an outlet to their very real spirit of patriotism.

Serving Country Y. W. C. A. Slogan.

It has as its object the bringing to the girls and women a realization of what other girls and women throughout the world are doing in this great war struggle and to give every one a chance to do her bit in helping her country in this hour of need, thus putting into action the Y. W. C. A. slogan: "Serving at our country's call."

When war was declared by the United States the Young Women's Christian Association, together with other organizations interested in girls, realized that in some way the girls of this country must be given a sense of fellowship and of united patriotic effort. The Government was mobilizing the men. What means could be used to mobilize the girls and give them discipline and training which makes for real morale?

The National board of the Y. W. C. A. conceived the idea of a patriotic league for its membership which would be a great fellowship of its girls, helping them to understand the meaning of true patriotism and so help to live up to the highest standards of American womanhood.

Popularity Phenomenal.

It was launched at a most opportune moment. Every one was looking for something like it and so its popularity was almost phenomenal. Requests for material information and assistance in organizing units poured into the offices of the National Y. W. C. A. from every kind of an organization including state Councils of Defense, Parent-Teachers Associations and War Camp Community service. All wished to promote the League, and thus it became, through the support of the several organizations, a community movement, available to all women alike. It is so big a work that personal prejudice has yielded to a genuine spirit of comradeship in a great task.

The head of the physical education department of the University of Wisconsin said: "We never promoted any plans for girls' work that succeeded as does the Patriotic League. It must have been a genius that thought of it."

Every woman and girl in the country, whatever her race or creed, is eligible for membership, provided she has the spirit incorporated in the pledge which she signs when she becomes a member.

The pledge is: "I pledge to express my patriotism; by doing better than ever before whatever work I have to do; by rendering whatever special services I can at this time to my community and country; by living up to the highest standards of character and honor, and by helping others to do the same."

Clubs and organizations are the main channels through which this idea, this spirit, may spread throughout the country. When by personal contact we put into the lives of our girls high ideals of character and conduct and then will try to live up to them in these coming months of difficulty in the adjustments at home and at work, we have in a measure lived up to the responsibility of today—realizing that every girl or woman that is helped to live to the level of her best is of untold value to the future of our country.

A Problem in Saving ---For Business Men

If a piece of machinery at \$40 lasts twice as long as another at \$25, which is the most economical?

Nothing to it, of course; that's why we wonder why some men don't see the economy in paying a little more to get the saving in good clothes.

These we sell, made by Hart, Schaffner & Marx, cost a little more than some clothes but last so much longer they're cheaper in the end.

The new fall war styles are here; they're all wool, simple and refined and economical of materials—and of your money.

Resolution of Respect.

As our brother, Philip Sink, leaves Vernon for his new home in the state of California, we keenly feel the loss of his faithful and efficient services in our church, and also his citizenship. While Brother Sink is a young man, he has done his work so well as a member of our Board of Stewards and other matters of the church with such modesty and unassuming manner, he has our most sincere respect, confidence and love.

We also lose a most efficient and worthy worker in our Sunday School and church in Mrs. Sink. Brother Sink and his most estimable wife have our best wishes for pleasure and prosperity in their new home, and trust they will be as loyal in their church relations in California as they have been in Vernon.
